The template can be downloaded from the link, http://stiswb.msu.ac.th/stiswb/download/template.doc</p> <p>For further correspondence kindly refer to your Paper Conference No: MME12</p> <p>For presenters, authors may complete the registration form from the link, http://stiswb.msu.ac.th/stiswb/download/regis_aut_stiswbver3.pdf It may kindly be noted that on acceptance of the full paper, the author needs to accept the terms and conditions laid down in the Copyright Transfer Agreement form from this link, http://stiswb.msu.ac.th/stiswb/download/STISWB_copyright_transfer_agreement-1.pdf . Then authors pay the registration fee. Finally, authors shall send the completed registration form, the completed copyright transfer agreement form, the bank transfer receipt along with the revised manuscripts to the email: research.eng@msu.ac.th before 15th August, 2013. The title of the email should be named as your paper conference no.</p> <p>For participants (Non-presenters), you may complete the registration form from the link, http://stiswb.msu.ac.th/stiswb/download/regis_part_stiswbver3.pdf , pay the registration fee. Finally, you send the completed registration form and the bank transfer receipt to the email: research.eng@msu.ac.th</p> <p>Looking forward to your participation in STISWB V.</p> <p>Kind Regards</p> <p>Asst. Prof. Juckamas Laohavanich, Ph.D. Conference Secretariat Faculty of Engineering Mahasarakham University, Thailand</p> <p>----- REVIEW 1 -----</p> <p>PAPER: 19 TITLE: Two-Dimensional Simulation of Temperature in Paddy Bulk Storage with Closed-Loop Oscillating Heat Pipes AUTHORS: Suppachai Chumnumwat and Piyanun Charoensawan</p> <p>OVERALL EVALUATION: 3 (accept as it is)</p>
---	--

The paper describes an original development: 1 (no)
Most important original results described in the paper: 2 (yes)
Credibility of published results is documented (experiment, simulation,
etc.): 2 (yes)
Original development is explained clearly: 2 (yes)
Original development is properly put in context referring relevant
publications: 2 (yes)
The abstract of the paper is appropriate and adequate: 2 (yes)
Readability and English grammar: 2 (yes)

----- REVIEW -----

Contribution to the field - OK, this work is enough
Depth of research - good

----- REVIEW 2 -----

PAPER: 19
TITLE: Two-Dimensional Simulation of Temperature in Paddy Bulk Storage with
Closed-Loop Oscillating Heat Pipes
